CARDIOCOMM SOLUTIONS INC. SIGNS LONG TERM AGREEMENT WITH GUIDANT CORPORATION

VICTORIA, B.C. – December 4, 2003, CardioComm Solutions Inc. (TSX-V:CCG) (the "Company", "CardioComm"), and Guidant Corporation (NYSE:GDT) announced today that they have entered into a long-term relationship to advance and improve specific software solutions related to cardiac patient care.

Stephen Martin, President and CEO of CardioComm Solutions Inc. said, "We are delighted to be working closely with Guidant. This relationship is important to us and to the future of cardiac patient care because, in an ongoing manner, it will allow us to improve the quality and the flow of cardiac information to physicians and clinicians alike. We can think of no better partner than Guidant a recognized leader of cardiac technological advancements."

About Guidant Corporation

Guidant Corporation pioneers lifesaving technology, giving an opportunity for better life today to millions of cardiac and vascular patients worldwide. The company, driven by a strong entrepreneurial culture of more than 11,000 employees, develops, manufactures and markets a broad array of products and services that enable less invasive care for some of life's most threatening medical conditions. For more information visit www.guidant.com.

About CardioComm Solutions Inc.

CardioComm has a patented and proprietary technology used in products for the recording, viewing, analyzing and storing of electrocardiograms (ECGs), for diagnosis and management of cardiac patients. CardioComm has achieved its technical goals of improved access and communication through the development of a real-time ECG viewer. It is the first company to provide a real-time means for physicians to view and control ECGs through LAN, WAN or the Internet, thereby creating a global virtual healthcare network. This technology is marketed as Global ECG Management System GEMS™ and GlobalCardio™. CardioComm's software products have been cleared for sale in the United States by the U.S. Food and Drug Administration. The Company has both ISO 9001 and ISO 13485 certifications. For more information visit www.cardiocomm.com.
