CardioComm Solutions Receives a One Million Dollar Cash Infusion Through An Exercise of Warrants

Toronto, Canada -- February 13, 2012 -- CardioComm Solutions, Inc., (TSX Venture Symbol: EKG, Ontario, CANADA) ("**CardioComm**" or the "**Company**") announced today that it completed a transaction involving a 10,000,000 common share purchase through the exercising of warrants by MD Primer Inc. ("**MD Primer**"). The warrants were provided to MD Primer under financing initiatives brokered over the past two years and have an exercise price of \$0.10 per share. Gross proceeds from this transaction will go towards general working capital for CardioComm Solutions.

"MD Primer and its owner, Dr. Anatoly Langer, have long been supporters of CardioComm Solutions and it is an appropriate and timely move for these warrants to be exercised," said Etienne Grima, CardioComm Solutions' CEO. "The infusion of \$1,000,000 in addition to the funds being raised from the Company's ongoing private placement will provide important financial resources to facilitate the continued roll out of our 2012 market development plans with the HeartCheck™ brand (PEN and the ECG Monitor), the C4 coordinating service and our Global ECG Management System (GEMS) 4.0 software platform. The transaction marks a milestone in our planned path to the globalization of our services and solutions."

About CardioComm Solutions, Inc.

CardioComm Solutions' patented and proprietary technology is used in products for recording, viewing, analyzing and storing electrocardiograms (ECGs) for diagnosis and management of cardiac patients. Products are sold worldwide through a combination of an external distribution network and a North American-based sales team. The company has earned the ISO 13485 certification, is HPB approved, HIPAA compliant, and has received FDA market clearance for its software devices. CardioComm Solutions, Inc. is headquartered in Toronto, Canada, with offices in Victoria, B.C.
