**CARDIOCOMM SOLUTIONS PRESENTS AT THE 6th ANNUAL ONE-MED FORUM, AN
EMERGING COMPANY FINANCE CONFERENCE.**

Invitation Is Geared To Matching Investors With Disruptive Changes In Healthcare And Finance.

Toronto, Canada – CardioComm Solutions, Inc. (TSX-V:EKG) (“CardioComm Solutions” or the “Company”), a global medical provider of ECG acquisition and management software solutions is pleased to announce they will present at the [OneMedForum SF 2013](#) conference to be held January 7 to January 10, 2013, at the Sir Francis Drake Hotel in San Francisco, CA.

OneMedForum 2013 is an international healthcare conference where emerging private and small cap public companies present and meet with investors of all types including high net worth individuals, alternative investors, asset managers, hedge funds, institutional investors, and venture capitalists. Over 1,000 investors, executives, corporate strategic partners and key opinion leaders attended the 2012 Forum.

“OneMedForum SF 2013 is the definitive conference in North America for fast-growing healthcare and life sciences companies. Held during the largest gathering of healthcare investors and companies, the 6th annual OneMedForum is a meeting point for those financing and building emerging growth companies shaping the future of health and medicine,” said Mr. Brett Johnson, President, CEO and Founder of OneMedPlace. “We are pleased to have CardioComm Solutions as part of our program and look forward to working with them in developing opportunities for promotion of their technologies and products.”

In this year’s program, Etienne Grima, CardioComm Solution’s Chief Executive Officer, will be presenting to an attendee group consisting of institutional investors, strategic investors, research analysts, advisors, consultants, academics, and other industry veterans. The presentation will be recorded and the webcast made available to the public and will be archived for members of OneMedPlace. The presentation will be webcast live at the link: <http://onemedplace.com/forum/webcast/>.

“We were pleased to be invited to present at the 6th Annual OneMedForum as it represents a great opportunity to discuss recent developments with our HeartCheck™ Product, SMART Monitoring Software platform and to update investor groups on our business development plans for 2013,” said Etienne Grima. “2012 was the year of preparation with several product clearances secured, thus paving the way for global distribution of our HeartCheck™ Products and SMART Monitoring Services in 2013. This invitation complements the Frost & Sullivan award we received as the North American 2012 Arrhythmia Monitoring Enabling Technology and confirming CardioComm Solutions as a disruptive technology innovator and prepares the path for 2013 sales, distributor and partnership deals.”
